

♄ Weekly Horoscope for Capricorn

21st July 2008 – 27th July 2008

Rita Ann Freeman's Weekly Horoscope:

Private Life: ✨

Money and Professional Matters: ✨

Family:

Stick to a game plan near the 21st or risk having things 'escalate out of control' in either emotions or spending. Respect elders near the 23rd and 25th. Be sure to include invitations to 'extended family' along WITH tactfully stated requirements for attendance, especially if you are blending 'ex's' or second family issues on or near the 24th to 27th.

Love:

Romantic love does fine this week but other types of love like 'family sentiment' may need careful handing. IF you love your children, be willing to show that love through strength and guidance as well as affection and rewards. Single Sea Goats may hit lusty pay dirt near both the 21st and/or 26th. Friendship:

Friends may be most helpful in setting up 'connections' for single Caps this week, even without realizing it! IF you get invitations to gatherings or parties from pals, take them up on it if you are 'single and looking.'

Career:

Be seen as 'strong and dedicated' the 21st. Bend to authority the 22nd. Be willing to listen and/or 'be all ears' the 23rd, especially in meetings mid day. Be on time and 'strictly professional' the 24th. Stay OUT of any conflict the 25th, especially if it is between/with Gemini, Virgo, Cancer, Scorpio or other Caps. Don't allow yourself to be 'drawn in.'

🌟 Weekly Overview by Deborah Browning 🌟

This week's scenario is highlighted by your reliability, consistency, and dedicated work and it is appreciated, and you may receive recognition or a promotion now. This is a positive time for you when other people and situations assist you in accomplishing the tasks that are really important to you. Big breakthroughs and celebrations are not indicated; the effects are more subtle, but still very important. This is a time of quiet and deep, purposeful activity. Meeting with people who share common ideals or purposes, either on a professional or personal level, will be very successful now. You have a friendly, cooperative attitude that will help such gatherings flow smoothly.
